NOTICE TENTATIVE WASTE DISCHARGE REQUIREMENTS FOR RANCHO MURIETA COMMUNITY SERVICES DISTRICT VAN VLECK RANCHING AND RESOURCES, INC. VAN VLECK RANCH RECYCLED WATER REUSE AREAS SACRAMENTO COUNTY

TO ALL CONCERNED PERSONS AND AGENCIES:

Any comments or recommendations you may have concerning the enclosed tentative order should be submitted to this office by **15 July 2007** in order for us to give them full consideration prior to the **2/3 August 2007** meeting of the Regional Water Board. **We would appreciate receiving comments sooner than the deadline, by 29 June 2007 if possible.**

Please note the following:

1. Certain additional information/documentation is required before this tentative order can be considered by the Regional Water Board. In order for staff to finalize the order for the 2/3 August 2007 board meeting, the following documentation must be received by **25 July 2007**:
 - a. Proof that the Sacramento County Department of Environmental Review and Assessment has issued an emergency exemption from the requirement to obtain a Use Permit for the reuse areas;
 - b. Proof that the Department of Health Services has approved the Title 22 Engineering Report; and
 - c. Proof that Rancho Murieta Community Services District has certified an environmental review document for the reuse project pursuant to the California Environmental Quality Act.

If staff does not receive this documentation complete and timely, the hearing may be delayed.

California Environmental Protection Agency

Recycled Paper

2. Because the emergency exemption from the requirement to obtain a use permit will only apply for one year, the waste discharge requirements must expire on the same date as the emergency exemption.
3. The discharge cannot begin until the Dischargers show that all necessary reuse site improvements have been completed.

In order to conserve paper and reduce mailing costs, a paper copy of the tentative WDRs has been sent only to the Dischargers. Interested parties are advised that the full text of the WDRs is available on the Regional Water Board's web site at <http://www.waterboards.ca.gov/centralvalley/tentative> under the heading of "Discharger-Specific Orders for Future Board Meetings". The item will be posted by 19 June 2007.

Anyone without access to the Internet who needs a paper copy of the tentative order should contact Anne Olson at (916) 464-4740.
